We're fine. I've just had my 30th birthday and David gave me a ring that it belonged to his grandmother – it's really lovely. He had to go to the hospital again about his leg, but he didn't see the doctor which he saw last time, so he had to repeat everything for the new doctor! It's six months since he had the accident what caused the problems.

I've just bought a new laptop. In the end I got the one that which you told me about. It's really good and I think it will be useful for those business trips who I need a laptop for, because it's very easy to carry.
