my hobbies and interests
I love sport, especially cycling. On Saturdays I sometimes go to the market to buy new sports clothes – it's **cheaper** than the shops in town – those fashionable shops are **too expensive** for me! On Sundays I go cycling with my friends. I think it's a **brilliant hobby**. It's a good way to get healthy and it **isn't as expensive as** going to a gym. There's some beautiful countryside outside my town and we **usually go** there. There are a lot of hills and it's **really exciting** when you cycle down them! My friend Zak is **younger than me**, but he cycles **well**. In fact he's **the fastest** cyclist in our group.
