

4 Write the words in the usual order to make statements.

0 last term head teacher of the local secondary school became Jeremy

Jeremy became head teacher of the local secondary school last term.

1 has had the exhibition a lot of interest

2 that promised he would call me Errol

3 these days Irina quite sad seems

4 their birthday presents gave the twins Jan

5 at was laughing the clown everyone

6 your father has made really angry your terrible behaviour

7 to the insurance company my lawyer all the documents sent

8 at the debate Marco his arguments on Thursday quite well presented

5 GRAMMAR IN USE Read the text about Frank Gehry and find six more places where you can improve the word order.

Frank Gehry

Frank Gehry is one of the most famous architects in the world. He was born *in Toronto in 1929* ~~in 1929~~ in Toronto but moved in 1947 to Los Angeles. He an architect

became after studying architecture in

California and design at Harvard, and his

career has lasted over forty years. His designs have always been really large and very expensive to build. Some were so costly, such as the Walt Disney Concert Hall in Los Angeles, that many people considered 'unbuildable' them. His career really took off when the Guggenheim Museum was built in Bilbao in 1997, changing an old unused waterfront into an area that both modern and romantic looked. Gehry completed the Walt Disney Concert Hall in 2003 and it is now the home of the Los Angeles Philharmonic Orchestra. These two buildings, and others, have earned some important architectural awards him. One of Gehry's most recent projects is the Serpentine Gallery in London – this was in England his first project.
